Invitation for Technical Exhibition Sponsorship at ICA 2016

Dear Sir/Madam

It is with great pleasure that we invite you to participate as an Exhibitor and/or Sponsor at **ICA 2016. The 22nd International Congress of Acoustics and the 10th Ibero-american Federation of Acoustics Congress** will be held jointly in Buenos Aires, Argentina. This will be the first time that an ICA Congress is held in Latin America.

ICA 2016 is the main international meeting dedicated to acoustics. It attracts 1000 to 1500 acoustics specialists from throughout the world, providing a great opportunity to make contacts and exchange ideas as well as giving the opportunity to show and promote the latest related equipment and services and recent developed technologies.

Next year, **ICA 2016**, the 22th International Congress on Acoustics, will be held in Buenos Aires, from 5-9 September 2016, at the **Argentinian Catholic University-Puerto Madero**. Like former events we are doing all to guarantee that it will be a success at both scientific and commercial levels.

This will be a special opportunity for companies offering to them great options to reach this market with great potentialities.

You can find relevant information for your decision on participating at the congress official website www.ica2016.org.ar

Should you need any further information, please send an e-mail to Paola Frisenda at paola.frisenda@mci-group.com. You are welcome to consider with us your requirements and intentions for being present with a maximized impact.

Hoping you will find attractive to join us as a partner in the **ICA 2016** Congress.

SPACE'S RENDER

GENERAL INFORMATION

Imported goods – Temporary entrance of equipment

The Customs Law Number 22,415 and its Regulatory Decree Number 100/82, rule the temporary importation of products. The exhibitors must fulfil all the arrangements for the equipment entrance as temporary importation. The Organizing Committee does not have any liability on the temporary importation of the exhibitors companies. The exhibitor must pay all the expenses related to these arrangements. The Organizing Committee recommends companies to contact a Custom Broker in Argentina 60 days before the Congress to avoid inconveniences and delays with the shipment authorization. Our Custom has rules very demanding regarding importation. In the case of flyers or other printing material, or merchandising, they must fulfill a demanding customs' process and accomplish the requirements for each case, otherwise the shipment can be stopped and held at customs. In order to guarantee the arriving of your shipment we suggest the hiring a custom broker & freight forwarder.

High

The maximum high of any construction including lighting devices is 2.3 meters.

Electricity

The electricity is 220-380 volts – 50 cycles. The exhibitors must connect their equipment grounded. In order to request any special power supplying the exhibitor must contact MCI.

Responsibility for damages

Every exhibitor assume all responsibility for loses or damages within the University spaces caused by the construction during the set up or dismantling, and also, during the congress activities being produced by their own workers, or third party hired companies. It is mandatory to present Civil Responsibility Policy and ART or accident's insurance.

The insurance must include a non-repetition clause in favor of:

1. Fundación Universidad Católica Argentina, CUIT 30-53621658-4, Av. Alicia Moreau de Justo 1300 CABA.
2. Congresos Internacionales S.A (MCI Buenos Aires). CUIT 30-56824658-2, Av. Santa Fe 1970, 1° CABA.
3. Asociación de Acústicos Argentinos. CUIT 33-70977099-9, Montevideo N° 708 Piso 4 Of. 19 de la CABA.

Measurement and weight of the elevator's load
